Once upon a time, I thought I'd always be in my mother's shadow

E B A B E A E A  
Answering for her crimes I thought I'd always be in an endless battle

A B E  
Until I began to own

A B E  
A power all my own

A B E B A B A  
That I could feel growing stronger every day

A  
And now I saved the world

B  
Not just that- the whole galaxy saved

We did it!

E B A  
Once upon a time

I only lived to be of Pink Diamond's service  
E B A B E A E A  
Until the day the two of us snuck down to be on this planet's surface  
A B E  
We became our fantasy  
A B E  
And I was sure she set me free  
A B E B A B A  
But in the end, I guess I never left her side  
A B  
And after love and loss and all the tears that I cried, I find that-

E B A B E A E A  
Once upon a time, a Sapphire came to Earth with her Ruby soldier  
E B A B E A E A  
Sapphire's deadly fate was set until the Ruby rushed in to hold her  
A B E  
Suddenly they were fusing  
A B E  
Beautiful, strange, confusing  
A B E B A B A  
And there I was, a bundle of questions, so naive  
A B  
And if you told me this I never would've believed you then but-

E B A B E A E A  
Once upon a time, I burst to life inside of the Kindergarten  
E B A B E A E A  
A product of a war that I had no idea I had a part in  
A B E  
I came out late and alone  
A B E  
Knew nothing but my home  
A B E B A B A  
But I know now exactly who I'm supposed to be  
A B  
And It's a part of this family!  
So, whaddy think?
